**\$2 off Wines by the Glass**

Nothing hits the spot quite like a burger and brew. Our staff is largely comprised of self-proclaimed beer geeks and nerds who love their VA breweries (as well as some out-of-state friends). We're happy to point you in the right direction and chat about who we think is making some of the best liquid in Cap city and beyond. If you have any questions, don't be shy! The only thing we like as much as drinking good beer is sharing it with you.
